

Rules and safety guide lines.

Please read carefully and sign and date.

All Inflatable Equipment must be supervised by a responsible adult over the age of 18 years at all times.

Please note: These rules are there for yours and the user's safety. It is important that you inform all users or guardians of these rules & risks before they use any inflatable.

All inflatable equipment should remain inflated at all times, and should not be used unless fully inflated. Never unplugged or switch of equipment unless you have been instructed to by a team member of completely bounced. Please do not allow children to play with or touch the R.C.D plugs that we supply!

There is to be no climbing on the walls or pillars on any inflatable, due to of risk of the users falling out and injuring themselves.

It is up to your discretion how many persons you allow on the inflatable at any one time but we do recommend that all users are of a similar age. Over loading of a inflatable can increase the risk of injury. No Adults or anyone over the age of 14 are permitted to use equipment unless a adult hire has been booked with ourselves and it is stated on your contract.

If during your event it should rain we ask you to ask all users to come off the inflatable, until it stops raining. Do not let the inflatable down in the rain; it is safe to leave up. Once it has stopped raining we do suggest that you wipe excess rain off the inflatable with an old towel or cloth so it is dry. When this is done you may let all users back on. If however the inflatable is still slippery Do not allow any persons back on until completely dry!

Do not let users bounce on or near the front step! This step is designed only for getting on and off the inflatable only. Also no children are to be left unattended at the rear of any inflatable for safety reasons such as fan's and power supply's.

Under no circumstances should Food, drinks, pets, ,silly string, party poppers, fairy liquid, sharp objects or face paints, be taken on to any inflatable it is strictly forbidden.

Please note: If you are hiring a slide do not allow users to do somersaults, flips, jump from the top run up or down the slide or any thing else that could be hazardous!
If these rules are broken this will result in someone hurting themselves or worse!

Completely bounced takes no responsibility if these rules are not followed as instructed!

I am now signing a written contract to say I am taking full responsibility for making sure there is someone over the age of 18 years to supervise and watch equipment at all times. Also I am confirming I have read through the terms & conditions of the hire agreement and everything is satisfactory to me, and that I will make sure the safety rules will be followed as instructed, and that I am liable to pay for repairs if there is any damage to equipment caused through mine and the users misuse.
